

LONE STAR LIDS

We can now provide real Texas cowboy hats for your western themed events. We're not talking about hats that make everyone look like Howdy Doody; we're talking about hats that your guests will keep forever. Not everyone will want to wear them on the plane, so we can even ship to their homes if they choose.

LONE STAR LIDS can run the gamut between faux straw and felt cowboy hats in universal sizing to a real deal, high quality fitted hat. We can also supply a steaming station for fitted hats that will give your guests a sense of Texas style and individuality.
