

# ROLLO ROPER

*Head 'em up – move 'em out!* After a quick instruction from the Ranch Boss, guests can use their new-found, Texas skills to saddle up and rope a calf. The **ROLLO ROPER GAME** uses the same type of mechanical horse and calf that rodeo stars use to sharpen their skills. With a tap of the rider's heel, the calf barrels out from under horse so the rider can rope it back in.
